Into the Book Lyrics

Inferring Song

Let's go into the book!
Jump in! Take a look!

Can you find clues,
        find clues
While you're reading,
        reading
For what happens next or unwritten text?

Are you searching,
        searching
For the meaning,
        meaning?
It's not so complex. Use the context!

Inferring means you read between the lines.
        Use the pictures, headings, details that you find.
Add them to the things inside your mind.

Let's go into the book!
Let's go into the book!
